Municipal cost index

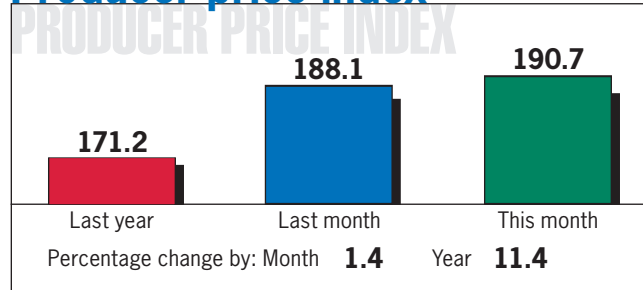

Construction cost index

Consumer price index*

Producer price index*

* The consumer and producer price indexes are published monthly by the U.S. Department of Labor's Bureau of Labor Statistics. The PPI figure used is the number for all commodities. The CPI and PPI figures published in this issue are from April 2008. The construction cost index is from May 2008. The municipal cost index incorporates those three indexes.

For more detailed information about the cost indexes, including a history of the municipal cost index, formulas and an archive of past cost indexes...
